Corporate Cabinet

Become a partner in JFCS' prestigious 2005 Corporate Cabinet today! Partners who invest \$10,000 truly make it possible for JFCS to serve over 20,000 children, families and elderly in our community each year. You will make a difference that will last forever.

In recognition of your very special support, your company name will be highlighted at our events and in our publications. As a special agency supporter, you will be invited to attend our events as our guest.

Partners who invest \$5,000 make whole programs possible. Your investment means that elderly clients struggling with substance abuse or families in need of domestic violence counseling will receive the help they need.

Partners who invest \$3,000 help make home services to the elderly and provide respite visits for caregivers.

Make a minimum investment of \$2,000 and your support will help provide durable medical equipment to children through our Tucson Loan Chest Program or help a family receive food for Thanksgiving and Passover.

\$10,000 Corporate Cabinet Partners will receive all of the following benefits in recognition of their support for JFCS Programs:
