JEWISH FAMILY & CHILDREN'S SERVICE OFFERS COUNSELING & MORE AT INA/ORACLE OFFICE

Starting May 1st, Jewish Family & Children's Service (JFCS) will again offer affordable, quality behavioral health services out of its northwest office located at 7315 N. Oracle Rd., Suite 200. What's more, JFCS' counseling services are now covered by insurance, making it even easier to help yourself or your loved ones get behavioral health care. In addition to counseling services, JFCS Select Care services will be available at the new location. JFCS Select Care offers care management services such as patient advocacy, support service and coordination, ongoing monitoring, and crisis intervention. Select Care isn't the only program making an appearance on the northwest side of town. JFCS' Irving Greenfield Tucson Loan Chest will rent and sell low-cost durable medical equipment such as wheelchairs, bedside commodes and walkers out of the Ina/Oracle office. You can also take part in JFCS community education programs covering topics such as parenting, aging independently and gaining financial control and stability in today's economy. For additional information, please contact Ann Van Hook in the Jewish Family & Children's Service Intake Office at (520) 795-0300 ext. 2271.
